

## Request for Proposal

SOS Children's Villages Nepal calls for proposals from qualified and experienced Technical Consultants to provide independent technical review and validation services for two construction projects: a higher-complexity project involving single-storey school buildings with stone masonry load-bearing walls and metal truss roofing with CGI sheets, and a lower-complexity project comprising RCC public and school toilet facilities, and site development works for child friendly open play space facilities. Interested experts and consultancy firms are requested to submit their proposal via [procurement@sosnepal.org.np](mailto:procurement@sosnepal.org.np) by May 11, 2026. For terms of reference and further details, please visit: <https://www.sosnepal.org.np/notice>
